THE FRAMEWORK PROGRAMME FOR RESEARCH AND INNOVATION

# HORIZON 2020

## What is Horizon 2020?

- A **€80 billion research and innovation funding programme** (2014-2020)
- A **single programme** bringing together three formerly separated programmes/initiatives (FP7/CIP/EIT)\*
- **Coupling research to innovation** – from research to retail, all forms of innovation
- **Focus on societal challenges** facing EU society, e.g. health, clean energy and transport
- **Simplified access** for all companies, universities, institutes in all EU countries and beyond (=> **open for international cooperation**).
- Strong participation of **SMEs**
- **Open Access** as basic principle for peer-reviewed scientific publications

\*The 7th Research Framework Programme (FP7), innovation aspects of Competitiveness and Innovation Framework Programme (CIP), EU contribution to the European Institute of Innovation and Technology (EIT)

## Simplification as a major feature

- A **single set of rules** covering all research programmes and funding bodies
- Simple evaluation criteria:  
Excellence – Impact – Implementation (Excellence only, for the ERC)
- Simplified funding rates (**,one rate per action‘**)
- 25% flat rate for indirect costs
- **Shorter average ,time-to-grant‘**: 8 months (5+3)
- Grant Agreement is signed electronically

***Beyond the Rules: further simplified provisions in the Grant Agreement and implementing procedures to facilitate access to Horizon 2020 (e.g. common IT platform).***

  
SEVENTH FRAMEWORK PROGRAMME

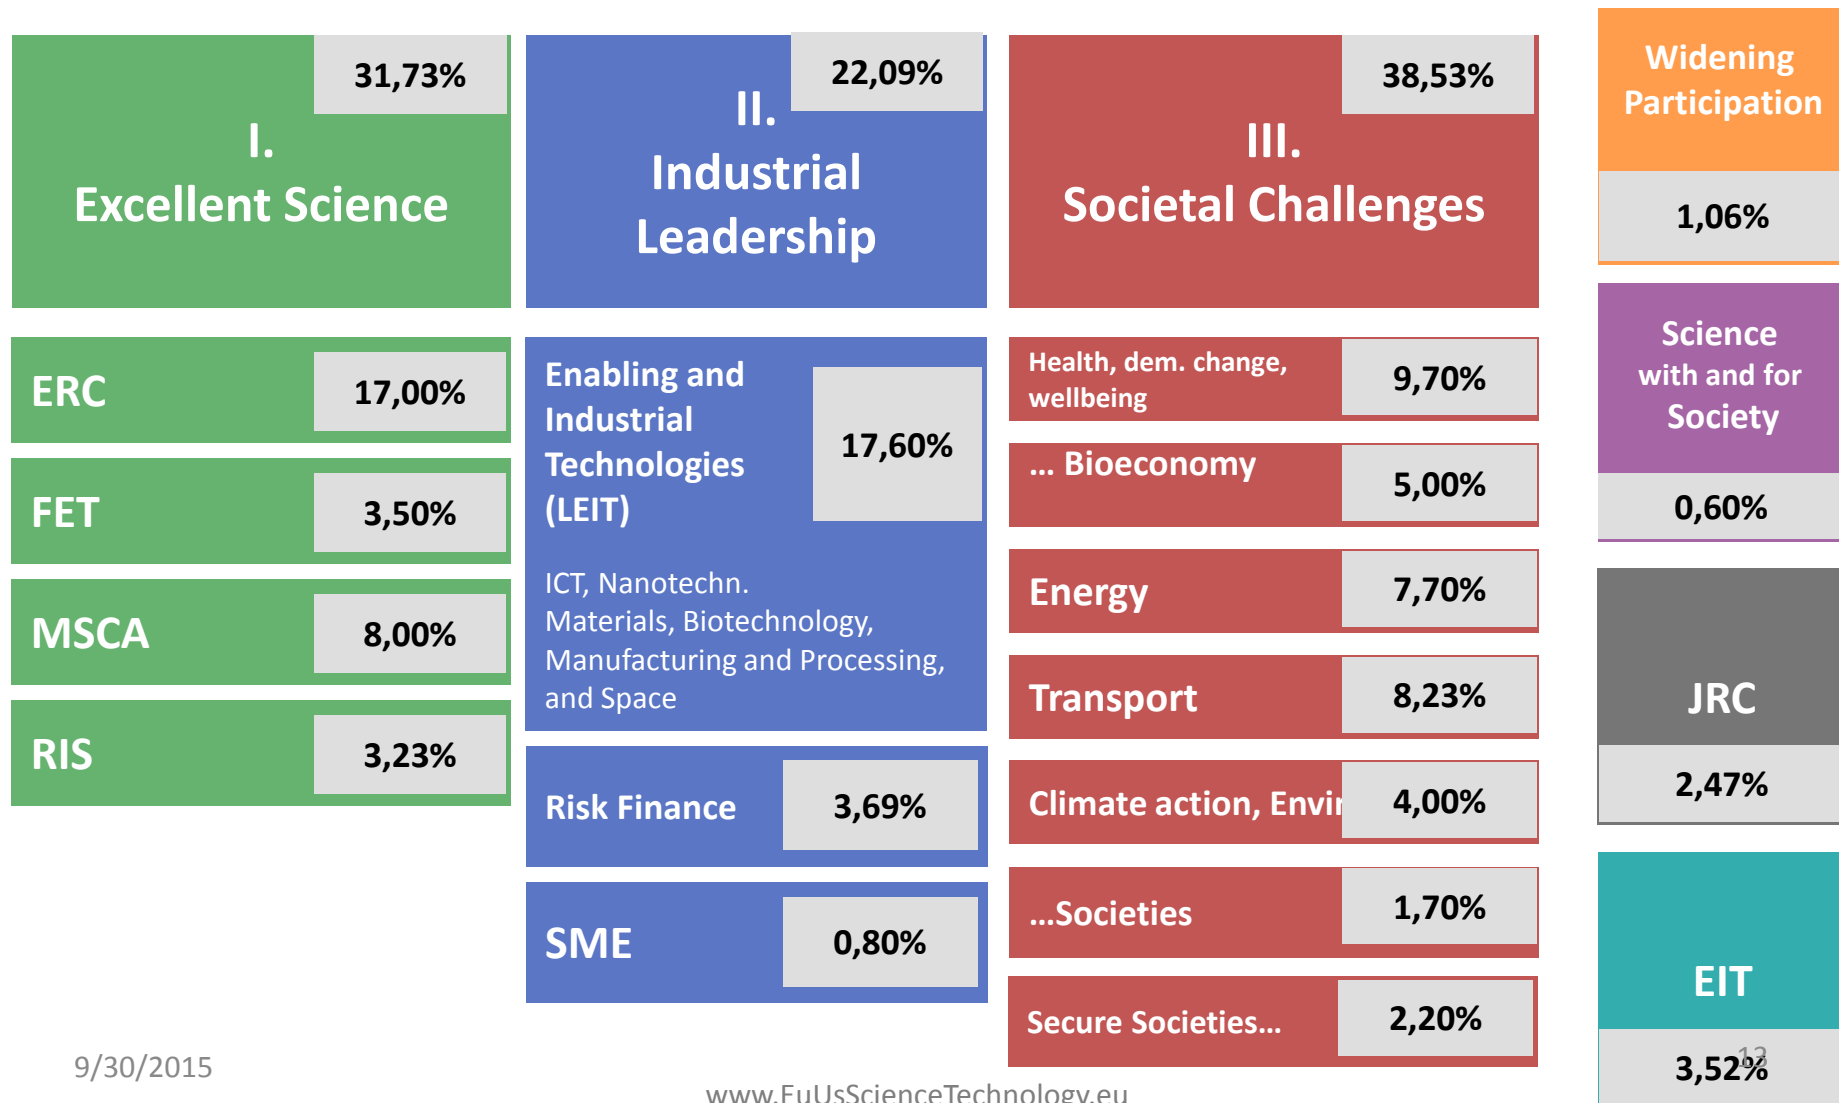

Maximum reimbursement rates	Research and technological development activities (*)	Demonstration activities	Other activities
Network of excellence	50% 75% (**)		100%
Collaborative project(****)	50% 75% (**)	50%	100%
Coordination and support action			100% (***)

H2020 ***Rules for Participation*** apply for **all** programme areas (EIT, JTIs...) and funding bodies – exceptions where needed

**Simpler funding rates** (basic principle: *one funding rate per action*)
